29	30 No Training 	31  Officers Meet @ 6:30 Monthly Meeting 7:30 PM	POISON PREVENTION AWARENESS MONTH Each year more than 50% of poisonings that are reported in the United States involve children under the age of 6! Label toxic substances and store these items under lock and key, away from the reach of children. A little planning can go a long way in prevention serious injuries and even death due to poisonings.			

Measure wealth not by the things you have, but by the things you have for which you would not take money.
